Best Wishes for the New Year!

Euisun Chung
(President of AAF)

Another exciting Year greets us!

At the beginning of the New Year, I would like to express my heartfelt gratitude to all of Asian archery members, and wish you happiness and prosperity.

With your abiding passion and concern,

we have successfully completed the key tasks of development programs, the series of Asian Grand Prix and Asian Championships over the last year. Truly, I believe that many talented Asian archers gained a firm foothold and had a chance to improve the self-confidence for the future major international archery events through the development programs and the continental archery events.

In the year of 2012, one of the biggest international major events, 2012 Olympic Games will take place in London. It is very excited not only to enjoy the competition itself, but also to watch the growth of Asian archers in athletic performance. Of course, the Games will bring them the fruitful outcomes. In this regards, AAF will do its utmost to help the archers draw their unlimited abilities by extending the development programs.

Several Asian member associations have stood out as the leading countries among the international archery arena, and it proves the both enormous development and infinite possibilities in Asia Continent. Also, it is very proud to see the promoted and enhanced competitiveness skills of Asian archers at the international archery events as well. Taking this opportunity, I would like to deliver my sincere appreciation for your enthusiasm on archery, and I ask your steadfast support and dedication for the brighter future of AAF.

Once more, I wish the all the best for you and your families.

Best regards,

Euisun Chung
President
Asian Archery Federation

17th Asian Championships

Tehran, Iran/ Oct 19~24, 2011
